# Innovative VET scalable Micro-Credentials solutions that **Engage**, **Explore**, **Explain**, **Elaborate** and **Evaluate**.

five explore

FivE project mission is to develop an innovative European approach to Micro-Credentials for the Welding and Fish Farming industries.

## KEY ACTIVITIES

### Establishing the Skills Foresight Forums (SFF):

- Membership between industrial companies and VET providers.
- Align training with market needs.

### Framework of Shared Learning Outcomes (FSLO):

- Courses and Competence Units (CUs) describe into common learning outcomes.
- Differentiated EQF levels (I-VET, C-VET, higher VET) for husbandry operative and welding inspectors.

### E-learning Project Resource Development:

- Establish e-learning quality and technical standards.
- Ensure compatibility with partners' Managed Learning Environment (MLE).

### Cross-Sectoral Common Competence Framework (CCF):

- Focus on husbandry operatives for cold water finfish farming.
- Specialized levels for welder specialists.

### MCs Digital Certificates/Wallet Solutions:

- Digital certificates for MCs.
- Compatibility with the upcoming European Digital Wallet.

### Pilot Work-Based Learning Delivery of CUs and MCs:

- Work-based blended learning delivery system.
- Pilot with learners including resources and pedagogy.

# KEY BENEFITS OF COMMON APPROACH TO MICRO-CREDENTIALS FOR STUDENTS

- Tailored Micro-Credentials leading to national qualifications or European Diplomas.
- E- learning tools to communicate and have access to learning activities and resources.
- Short periods of theoretical training followed by work-based learning work assignments.
- Clear understanding about what you will learn, differentiated into knowledge, skills and competences.
- Mobility and transparency towards students' recognized knowledge, skills & Competence.
- Personalized training through FIVE pilot courses.
- Recognition of prior experiences.

Common approaches to micro-credentials in Europe that support and enhance education national efforts towards quality, transparency, cross-border comparability, recognition, and portability!

## PROJECT DURATION

- Jan. 2024 - Dec. 2026

## Join the FivE Project!

Be part of an innovative approach to vocational education and training that aligns with industry needs and enhances learner outcomes.
